MAIN FEATURES & BENEFITS

Aspheric lens design

Manages unwanted astigmatism

2 corridor lengths

4 materials

Smooth interaction

Hi,

We now have a wonderful NEW addition to our own brand lenses and we're delighted to be able to offer you our great value progressive range **FINE-FOCUS**.

We're sure you'll be impressed with the comprehensive range **Fine-Focus** offers along with the competitive price, quick turnaround and great service TANT can provide.

Fine-Focus is a high quality product with plastic materials available from 1.5 to 1.67.

Short and regular corridor lengths which include photochromic & Transitions VI lens options.

All lenses are aspheric as standard.

All in all **FINE-FOCUS** is a great general purpose and versatile progressive lens that you to recommend to your price sensitive customers.
